Mayor Oscar Goodman
Las Vegas City Hall
Tenth Floor
400 Stewart Avenue
Las Vegas, Nevada, 89101

Dear Mayor Goodman:

I'm writing on behalf of the Greater Las Vegas Association of REALTORS® and its 16,000 members in strong opposition to the proposed redistricting plan to remove Councilwoman Lois Tarkanian from the downtown area she currently represents. We believe such a change is both unnecessary and unwarranted without a considerably greater amount of discussion and public input.

Councilwoman Tarkanian's representation of the downtown area has benefited our community greatly. She has an excellent working relationship with individuals and companies currently doing business in the downtown area. She has shown the ability to understand complex issues and has always listened to and promoted the best interest of her constituents. The Greater Las Vegas Association of REALTORS® has a long standing relationship with Lois Tarkanian in this community, and we know her to be a tireless advocate of this community and a public official we can put our trust in. We support the residents and business owners who wish to continue to be represented by the individual they elected, Lois Tarkanian.

Respectfully yours,

Kipp Cooper
Government Affairs Director

CITY CLERK

July 26th, 2006

Lois Tarkanian

Las Vegas City Council Woman

2006 JUL 26 P 2:02

via facsimile 702-382-4803

Dear Mrs. Tarkanian,

I just now (1:00 pm) was notified by a neighbor about today's City Council Meeting Agenda, including a proposal to redistrict the area where I live. This would remove me and my neighbors from your district. I feel no less than OUTRAGED.

I was not notified directly. I heard the agenda item was published in a newspaper... I am on Summer Vacation in Reno/Tahoe and of course wouldn't know about this. This is the middle of the summer and many folks are vacationing out of town.

If this redistricting happens, we will have the fourth City Council representative in as many years. Does the Mayor and City Council truly believe this is the best action for their constituents? We don't think so. This neighborhood went through a lot to gain you, Ms. Tarkanian, as our Council Woman; we are very angry.

page 2 of 2
letter to Ms. Tarkanian
July 26, 2006

Why is this happening?

This feels like retaliation because we sued the city. What happened to communication with your and the council's constituents? There has been no neighborhood informational meeting. No notification.

Ms. Tarkanian, we voted you into office to represent our entire neighborhood, not half of it. Please do not allow this to happen.

Please make this a part of the written record during the City Council's review of this agenda item.

Thank you sincerely,
Carolyn + Jay Stone
1509 Ten Palms Ct.
Las Vegas, NV 89117

RECEIVED
CITY CLERK

2006 JUL 26 P 2:36

DONALD M. MOSLEY

TO: Ronnie Ronmus, City Clerk
DATE: July 26, 2006
SUBJECT: Proposed Ward Redistricting

I would like to voice the following opinion on the subject of redistricting the various wards within the City limits. My concerns are two:

First, the proposal to eliminate the downtown area as part of Ward 1 is particularly troubling in that there would be a substantial impact on tax revenue which could be used for parks and recreation for the Ward. As you know, the Ward is comprised of mainly residences, with comparably few revenue producing areas.

Secondly, I believe that the proposals, as they pertain to each of the Wards, are being hurried to some extent. Not only has there been little time to review, but they are being brought forth during the summer months when many residents are out-of-town.

I would request the matters be taken off the agenda for a calendar year which would allow for a full discussion by all involved.

Please arrange for the Mayor and City Council to receive this fax.

Sincerely,

Donald M. Mosley

City of Las Vegas
Honorable Lois Tarkanian
Councilwoman, Ward 1
City Hall - Tenth Floor
400 Stewart Avenue
Las Vegas, NV 89101

Dear Councilwoman Tarkanian,

I am a business and/or property owner in Ward 1, specifically in the part of Ward 1 south of Charleston and west of Las Vegas Boulevard. Several of my fellow business owners and I have recently become aware that a portion of Ward 1, the Ward that you represent so very well, has been identified by the Councilman of Ward 3 as an area that he wishes to add to his Ward through redistricting. We are well aware that redistricting is a very current issue, so you need to know our position on this sensitive matter that you currently face.

We realize redistricting may be required, but this letter is sent because I am adamantly opposed to being switched from your Ward 1 into Ward 3. This strong opposition to the Ward 3 Councilman is based on his pioneering a bill that clearly shows his objections to high-density, high-rise and mixed-use development in the Downtown redevelopment area (i.e. Item #88 Bill 2006-18 limiting height to 5 stories in parts of the Redevelopment area). Such a bill does great damage, real and perceived, to my business and to all businesses in the downtown as well as sending the wrong message to developers wishing to be apart of the city's vision of creating a vibrant 'Manhattanization' of downtown.

The Ward 3 Councilman's position draws serious concerns since this is the very heart of Las Vegas that needs the support, promotion and development incentives to become the urban core of Las Vegas.

My fellow business & property owners in this area and I are pleased with your representation of Ward I, and we salute your practical and civic-minded approach to dealing with the many varied issues that face the Council, including redistricting.

In closing, please do not allow representation of our portion of the Downtown to be removed from your purview. Please stand tall on this issue, and know that my fellow business and property owners are behind you on this sensitive matter.

Sincerely,

Several of my fellow business owners and I have recently become aware that a portion of Ward 1, the Ward that you represent so very well, has been identified by the Councilman of Ward 3 as an area that he wishes to add to his Ward through redistricting. We are well aware that redistricting is a very current issue, so you need to know our position on this sensitive matter that you currently face.

We realize redistricting may be required, but this letter is sent because I am adamantly opposed to being switched from your Ward 1 into Ward 3. This strong opposition to the Ward 3 Councilman is based on his pioneering a bill that clearly shows his objections to high-density, high-rise and mixed-use development in the Downtown redevelopment area (i.e. Item #88 Bill 2006-18 limiting height to 5 stories in parts of the Redevelopment area). Such a bill does great damage, real and perceived, to my business and to all businesses in the downtown as well as sending the wrong message to developers wishing to be apart of the city's vision of creating a vibrant 'Manhattanization' of downtown.

The Ward 3 Councilman's position draws serious concerns since this is the very heart of Las Vegas that needs the support, promotion and development incentives to become the urban core of Las Vegas.

My fellow business & property owners in this area and I are pleased with your representation of Ward 1, and we salute your practical and civic-minded approach to dealing with the many varied issues that face the Council, including redistricting.

In closing, please do not allow representation of our portion of the Downtown to be removed from your purview. Please stand tall on this issue, and know that my fellow business and property owners are behind you on this sensitive matter.

Sincerely,

RICK POLSON

City of Las Vegas
Honorable Lois Tarkanian
Councilwoman, Ward 1
City Hall - Tenth Floor
400 Stewart Avenue
Las Vegas, NV 89101

Dear Councilwoman Tarkanian,

I am a Las Vegas property owner and concerned about the redistricting, specifically in the part of Ward 1 south of Charleston and west of Las Vegas Boulevard. We are well aware that redistricting is a very current issue, so you need to know our position on this sensitive matter that you currently face.

We realize redistricting may be required, but this letter is sent because I am adamantly opposed to having Ward 1 switched into Ward 3. This strong opposition to the Ward 3 Councilman is based on his pioneering a bill that clearly shows his objections to high-density, high-rise and mixed-use development in the Downtown redevelopment area (i.e. Item #88 Bill 2006-18 limiting height to 5 stories in parts of the Redevelopment area). Such a bill does great damage, real and perceived, to the downtown as well as sending the wrong message to developers wishing to be apart of the city's vision of creating a vibrant 'Manhattanization' of downtown.

The Ward 3 Councilman's position draws serious concerns since this is the very heart of Las Vegas that needs the support, promotion and development incentives to become the urban core of Las Vegas.

Myself, as a Las Vegas property owner feel that Councilwoman Tarkanian's representation of Ward I is practical and civic-minded when dealing with the many varied issues that face the Council, including redistricting.

In closing, please do not allow representation of this portion of the Downtown to be removed from your purview. Please stand tall on this issue, and know that fellow Las Vegas property owners are behind you on this sensitive matter.

Sincerely,

ROSITA C. VALMONTE

City of Las Vegas
Honorable Lois Tarkanian
Councilwoman, Ward 1
City Hall - Tenth Floor
400 Stewart Avenue
Las Vegas, NV 89101

Dear Councilwoman Tarkanian,

I am a business and/or property owner in Ward 1, specifically in the part of Ward 1 south of Charleston and west of Las Vegas Boulevard. Several of my fellow business owners and I have recently become aware that a portion of Ward 1, the Ward that you represent so very well, has been identified by the Councilman of Ward 3 as an area that he wishes to add to his Ward through redistricting. We are well aware that redistricting is a very current issue, so you need to know our position on this sensitive matter that you currently face.

We realize redistricting may be required, but this letter is sent because I am adamantly opposed to being switched from your Ward 1 into Ward 3. This strong opposition to the Ward 3 Councilman is based on his pioneering a bill that clearly shows his objections to high-density, high-rise and mixed-use development in the Downtown redevelopment area (i.e. Item #88 Bill 2006-18 limiting height to 5 stories in parts of the Redevelopment area). Such a bill does great damage, real and perceived, to my business and to all businesses in the downtown as well as sending the wrong message to developers wishing to be apart of the city's vision of creating a vibrant 'Manhattanization' of downtown.

The Ward 3 Councilman's position draws serious concerns since this is the very heart of Las Vegas that needs the support, promotion and development incentives to become the urban core of Las Vegas.

My fellow business & property owners in this area and I are pleased with your representation of Ward 1, and we salute your practical and civic-minded approach to dealing with the many varied issues that face the Council, including redistricting.

In closing, please do not allow representation of our portion of the Downtown to be removed from your purview. Please stand tall on this issue, and know that my fellow business and property owners are behind you on this sensitive matter.

Dear Councilwoman Tarkanian,

I am a business and/or property owner in Ward 1, specifically in the part of Ward 1 south of Charleston and west of Las Vegas Boulevard. Several of my fellow business owners and I have recently become aware that a portion of Ward 1, the Ward that you represent so very well, has been identified by the Councilman of Ward 3 as an area that he wishes to add to his Ward through redistricting. We are well aware that redistricting is a very current issue, so you need to know our position on this sensitive matter that you currently face.

We realize redistricting may be required, but this letter is sent because I am adamantly opposed to being switched from your Ward 1 into Ward 3. This strong opposition to the Ward 3 Councilman is based on his pioneering a bill that clearly shows his objections to high-density, high-rise and mixed-use development in the Downtown redevelopment area (i.e. Item #88 Bill 2006-18 limiting height to 5 stories in parts of the Redevelopment area). Such a bill does great damage, real and perceived, to my business and to all businesses in the downtown as well as sending the wrong message to developers wishing to be apart of the city's vision of creating a vibrant 'Manhattanization' of downtown.

The Ward 3 Councilman's position draws serious concerns since this is the very heart of Las Vegas that needs the support, promotion and development incentives to become the urban core of Las Vegas.

My fellow business & property owners in this area and I are pleased with your representation of Ward I, and we salute your practical and civic-minded approach to dealing with the many varied issues that face the Council, including redistricting.

In closing, please do not allow representation of our portion of the Downtown to be removed from your purview. Please stand tall on this issue, and know that my fellow business and property owners are behind you on this sensitive matter.

Sincerely,

Graciela Krummel

CHARLESTON NEIGHBORHOOD PRESERVATION

"Doing things today that will improve tomorrow"

PHONE: (702) 877-2438

26 July 2006

To: CLV Councilwoman Tarkanian and all concerned with Bill No. 2006-38

From: Charleston Neighborhood Preservation

Respectfully we request that Bill 2006-38 be rejected today.

The year of 1996 "redistricting/boundary" changes were for population.

The year of 1999 "redistricting/boundary" changes were for adding wards.

The year of 2002 "redistricting/boundary" changes were rejected with one of the reasons being that voters were unable to vote because as WARD boundary changes REQUIRES THAT PRECINCTS ARE MOVED.

The legal description providing information about which precincts and the number of voters disenfranchised has not been publicized by individual council members to their wards.

Obviously, Ward One is being more adversely affected than the other five from all aspects.

We could continue, but request that you reject this bill today in the spirit of individual freedoms.

Sincerely,

June Ingram

 Lois Tarkanian
 Las Vegas City Council Woman

via facsimile 702-382-4803

Dear Mrs. Tarkanian,

I just now (1:00 pm) was notified by a neighbor about today's City Council Meeting Agenda, including a proposal to redistrict the area where I live. This would remove me and my neighbors from your district. I feel no less than OUTRAGED.

I was not notified directly. I heard the agenda item was published in a newspaper... I am on Summer Vacation in Reno/Tahoe and of course wouldn't know about this. This is the middle of the summer and many folks are vacationing out of town.

If this redistricting happens, we will have the fourth City Council representative in as many years. Does the Mayor and City Council truly believe this is the best action for their constituents? We don't think so. This neighborhood went through a lot to gain you, Ms. Tarkanian, as our Council Woman; we are very angry.

page 2 of 2
letter to Ms. Tarkanian
July 26, 2006

Why is this happening?

This feels like retaliation because we sued the city. What happened to communication with your and the council's constituents? There has been no neighborhood informational meeting. No notification.

Ms. Tarkanian, we voted you into office to represent our entire neighborhood, not half of it. Please do not allow this to happen.

Please make this a part of the written record

our neighborhood worked very hard to recall Janet Norwell and we work very hard to elect Lois Tabanin to represent our interests. now this council wants to reelect us what seems is retaliation for our group suing the city over the SS building. there have been no neighborhood meetg to talk to the constituents of ms. tabanin's ward & to hear from the city Council person whose ward we would consider. I would like to see this motion tabled so there could be neighborhood meetg to discuss this. This will be our 4th representatives in 4 years.

Attached to this is "business Impact Statement". Does the city also need to do "citizen Impact"? why only a business impact?

ward one boundaries change dramatically from its historical configuration established in 1975. ward 1 will have virtually NO residential construction tax, since it has no new development. These tax revenues support parks & other services needed in other urban areas.

How Judge Kester -
do you determine population of each ward - voter registration? 2000 census?

REDISTRICTING WARD 1 July 26, 2006

May I first say that I have had no notice of this. Everyone that is affected by this should have been notified and reasons given for it being done. Thanks to my neighbor ^I have information from him.

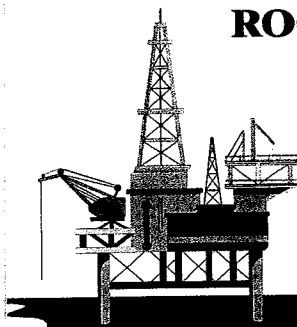

- 1) I can see that this may devalue our properties, among other things.
- 2) Do all the politicians, and city and state government officials have any idea of what they are indirectly developing by misrepresenting information to the constituents of the State of Nevada, City of Las Vegas and right now the constituents of Ward 1.
- 3) De-valuation will bring in developers who want to buy these properties cheap and put in dense housing projects - high rises.
- 4) Highways and roads cannot keep up with the growth now.
- 5) No one wants Las Vegas to be a "ghost town" but if we do not address the real problem it could happen. Bringing water from northern Nevada is not the solution. Conservation is only a stop gap, because of the explosive growth, of our population.
- 6) In 1893 John Wesley Powell spoke before the Irrigation Congress on a report he made on the Colorado River. He said there is not enough water for all the lands that wanted it. Now after 60 years of dam building the water experts tell us the Colorado is "over committed". There is not enough water to fulfill the demands.
- 7) Redistricting Ward 1 is just one step closer to over building with dense housing.
- 8) Someone needs to wake up as to what is actually happening in the Las Vegas Valley.

Sincerely,

Ron G. Rockwell, Scientist

HON. OSCAR B. GOODMAN
MAYOR, CITY OF LAS VEGAS
CITY HALL
400 STEWART AVENUE
LAS VEGAS NV 89101

Re: Redistricting

Dear Mayor Goodman,

In response to the invitation by the City to respond to the proposed City Ward redistricting map prepared by the consultant, Frederick P. Kessler, I would like to submit the following proposal.

I believe that significant improvements can be made to his map, which will both reflect closer adherence to sound representative principles and also redress certain specific inequities.

The principles to be respected are:

(1) population equality. I believe my proposal shows greater equalization and to an equal degree, accommodates future population growth by slightly reducing the population of faster growing areas and increasing more slowly growing districts.

(2) compactness, contiguity and coherence. I believe the map I am submitting shows more compact and coherent wards, with greater use of prominent features, such as freeways, as natural boundaries.

In addition, there are two important criteria which have never, to my knowledge, figured in judicial rules regarding the districting process, which tend to regard voter en masse rather than as members of specific communities. These principles are important, especially in municipal government where our ward councilmen act to some degree as area commissioners, with a semi-executive role in providing and supervising city services.

Therefore, I believe that (3) neighborhood integrity is a worthwhile principal to uphold. Fingers, tails, horns and other protuberances on wards usually means that a neighborhood is divided or surrounded by neighborhoods represented by another councilman. Sometimes, neighboring councilmen can work together with increased clout on a problem in an area which divides their wards. But there can also be friction, or avoidance of needed responses due to the difficulties of cooperating, or the prospect of sharing credit. It is harder for neighborhood groups to work together across ward boundaries. Neighborhood and area planning is made more difficult or less coherent. "Orphan" precincts are especially to be avoided. Why, on the current map, does Ward 6 jump US 95 to pick up two small precincts otherwise surrounded by Ward Four, or why does Ward One extend a finger across US 95 north to Vegas Drive? Why on the proposed map does a section of Ward Two protrude into Ward One? The most prominent feature of the map is the flashing finger extending Ward One north to Cheyenne Ave. Odd shaped district protuberances usually reflect a personal political agenda, not the public good. This suggested map makes neighborhood integrity a major concern.

A second disregarded principal is dispersion of power. Councilmen have a commissioner-like role in the planning and development process, mediating between developers and constituents and, hopefully, assuring adherence to sound plans. It may be indelicate to say that every planning application represents a potential free lunch, but a wise citizenry will understand that where large amounts of public

Submitted at Special Rec Cont
1.1.11 11:11 #2

expenditure may be involved, as downtown with highway projects like Project Neon and public mass transit and where large amounts of private investment is trolling for profit, the public interest is better served by dispersing rather than concentrating power over development.

Wards 2,4 and 6 have rapidly developing areas on the far west side of town, but it can easily be seen that the current map gives too many development, and redevelopment, areas to the Wards One and Five Councilmen at the expense of the Ward Three Councilman, while the Kessler proposal gives an excess to the Wards Three and Five Councilmen at the expense of Ward One. This serves no purpose except to destroy collegiality and cooperation. In fact, all three Councilmen representing the older areas of the city should be involved in the downtown redevelopment process, have a portion of the jurisdiction there as well as the opportunity to question the effect of major projects in nearby wards on their constituents, and to answer their colleagues' questions regarding projects in their districts on surrounding areas. Where major bucks are being committed, more scrutiny is better than less, and the scrutiny of three is better than two. This suggested map balances development and redevelopment areas better than the Kessler proposal.

It should not be supposed that this map is designed as a power grab by the Ward One Councilwoman. True, some of the excessive plunder of Ward One has been redressed by returning the Arts district (Precincts 4351 & 4352). The Medical District has been added to Ward One, because the mostly small-scale, piecemeal development in this area interfaces with the remainder of the Rancho-Charleston area and belongs with it. The fringe assets of Ward One are still stripped off - downtown south of Fremont Street to Ward Three, "Wonderworld" to Ward Five, and Peccole Ranch to Ward Two. Again these are not decisions based on personality and power, but on where these areas belong in terms of geography and neighborhood integrity.

Finally, this map, unlike Kessler's, observes the principal of making minimal shifts of precincts and constituents between wards. In many cases, councilpersons have invested time and effort into relationships and projects that deserve the chance for follow-up. I doubt that any Las Vegas councilman would feel he would gain politically by exchanging voters who know him for voters who don't. Continuity of ward composition is a secondary but still important consideration. For example, the boundary between Wards Two and Four could be drawn differently, even more closely following major highway arterials, such as Summerlin Parkway, Lake Mead Blvd. and Rampart Drive, but I didn't favor it as it involved more transfer of precincts between the wards. I have, however, included this attractive alternative as Map 2..

I am committed to the principle that voters choose their representatives. Too often today representatives, with the aid of skilled consultants, choose their voters. I believe this is a serious, if insidious, danger to our Republic. The practice of having an objective, disinterested outside expert draw districts is a good one. In this case, the job was just not done quite fairly, objectively and skillfully enough. Please consider the suggestions submitted herein.

Thank you.

Yours truly,

Daniel J Deegan

CC: EACH COUNCILPERSON
RMNA
LV SUN
R-J

WARD BY WARD CHANGES: Summary

Note: Kessler's Proposal, not current wards, are used as the starting point, and changes (additions and removals) are made to his proposed wards.

Note: The changes indicate the number of active Registered Voters as per the County Election Department website. The ratio of inhabitants (population) to registered voters may vary from about 2 ½ to 1 in parts of Ward Four like Sun City to 4 ½ to 1 in parts of Ward Three. City wide a ratio of about 3.2 to 1 might be estimated..

WARD ONE:

Remove Precincts:	2302	new, return to ward 4	585 RV
	2307	" "	300 "
	2314	" "	785 "
	2311	new, return to ward 2	948 "
	2312	" "	<u>955 "</u>
			(-) 3573 RV
Add Precincts	4351	restored from ward 3	206 RV
	4352	"	129 "
	4353	"	321 "
	3320	restored from ward 2	945 "
	3321	"	777 "
	3322	"	614 "
	3326	"	564 "
	4331	new, from ward 5	187 "
	6341	new, from ward 5 (Now in 6)	486 "
	2331	" " "	<u>175 "</u>
			(+) 4404 RV

$$(+)\ 4404\ (-)\ 3573\ \text{RV} = (+)\ 831\ \text{RV}$$

Note: Kessler leaves Ward One the smallest in the City, 3% below the mean, although it is largely older, built out, with single family homes. The population gain here could be about 3,000 persons, which would put the ward population exactly on the mean.

WARD TWO

Remove Precincts:	3320	new, return to ward 1	945 RV
	3321	" "	777 "
	3322	" "	614 "
	3326	" "	564 "
	<u>3385</u>	<u>new, return to ward 4</u>	<u>1296 "</u>
			(-) 4196 RV
Add Precincts:	2305	new, from ward 4	801 RV
	2306	Restored from ward 4	694 "
	2310	new, from ward 4	826 "
	2311	restored from ward 1	948 "
	2312	"	<u>955 "</u>
			(+) 4224 RV

$$(+)\ 4224\ (-)\ 4196\ \text{RV} = (+)\ 28\ \text{RV}$$

Note: The actual population difference might be a bit greater but cannot be large, or differ greatly from Kessler, who leaves it 2% below the mean.

WARD BY WARD CHANGES

WARD THREE

Remove Precincts:	4351	restored to ward 1	206	RV
	4352	"	129	"
	4353	"	<u>321</u>	"
				(-) 656 RV
Add Precincts:	4340	new, from ward 5	28	RV
	4341	" "	<u>130</u>	"
				(+) 158 RV

$$(-) 656 (+) 158 = (-) 498 \text{ RV}$$

Note: Kessler leaves Ward 3 the most populous ward in the City 7% over the mean, which is a lot even considering that it is more slowly developing. The changes above might reduce it by about 2,000 persons, bringing it closer to the population mean.

WARD FOUR

Remove Precincts:	2305	old ward 4	801	RV
	2306	new, restored to ward 2	694	"
	2310	old ward 4	826	"
	2322	new, to ward 5 (now ward 6)	408	"
	2324	" " "		3 "
	2345	new, restored to ward 6	487	"
	2048	" "	<u>513</u>	"
				(-) 3732 RV
Add Precincts:	2302	restored from ward 1	585	RV
	2307	"	300	"
	2314	"	785	"
	3385	restored from ward 2	1296	"
	<u>3526</u>	<u>New from ward 6</u>	<u>446</u>	"
				(+) 3412 RV

$$(-) 3732 (+) 3412 = (-) 320$$

WARD FIVE

Remove Precincts:	4331	old ward 5, to ward 1	187	RV
	4340	" , to ward 3	28	"
	4341	" "	130	"
	6341	new, to ward 1 (now ward 6)	486	"
	2331	" " "	<u>175</u>	"
				(-) 1006 RV
Add Precincts:	2052	new, from ward 6	6	RV
	2322	new, fr. ward 4 (now in ward 6)	408	"
	2323	new, from ward 6	108	"
	2324	New, fr. ward 4 (now in ward 6)	3	"
	2325	New, from ward 6	834	"
	2328	" "	2	"
	<u>2338</u>	<u>" "</u>	<u>3</u>	"
				(+) 1364 RV

$$(+) 1364 (-) 1006 \text{ RV} = (+) 358 \text{ RV}$$

Note: the gain in population could be 1,000 or fewer.

WARD BY WARD CHANGES
WARD SIX

Remove Precinct:	2052	to ward 5	6 RV
	2323	"	108 "
	2325	"	834 "
	2328	"	2 "
	2338	"	3 "
	3526	to ward 4	<u>446</u> "
			(-) 1399 RV
Add Precinct:	2345	restored from ward 4	487 RV
	2048	"	<u>513</u> "
			(+) 1000 RV

$$(-) 1399 \quad (+) 1000 = (-) 399 \text{ RV}$$

Note: The population balance between Wards 5 and 6, which Kessler has almost equal and only slightly above the mean, is disturbed by making Ward 5 perhaps 1,000 above the mean and Ward Six 1,000 below. The faster growth in ward six will soon overcome the difference.

AN ALTERNATIVE BOUNDARY BETWEEN WARDS FOUR AND TWO

Note: We try to follow major highway barriers but there are many precincts exchanged between wards.

Note: The starting point is again Kessler's proposed map.

WARD TWO

Remove Precinct:	3320	new, restored to ward 1	945 RV
	3321	" "	777 "
	3322	" "	614 "
	3326	" "	<u>564</u> "
			(-) 2900 RV
Add Precinct:	3214	new, from ward 4	978 RV
	3383	" "	1,090 "
	3384	" "	<u>375</u> "
			(+) 2443 RV

WARD FOUR

Remove Precincts:	2322	new, to ward 5(now ward 6)	408 RV
	2324	" " "	3 "
	2345	New, restored to ward 6	487 "
	2048	"	513 "
	3214	new, to ward 2	978 RV
	3383	" "	1,090 "
	3384	" "	<u>375</u> "
			(-) 3854 RV
Add Precincts:	2302	restored from ward 1	585 RV
	2307	"	300 "
	2314	"	785 "
	2311	New, from ward 1(now ward 2)	948 "
	2312	" " "	955 "
	3526	New from ward 6	<u>446</u> "
			(+) 4,019

Note: The population discrepancy is slightly greater. Ward Four will be close to the mean but Ward Two will be a bit farther below the mean. If Ward Two grows faster, this discrepancy may disappear.

Final Proposed City Council Redistricting Plan Submitted By Retired Judge Frederick P. Kessler

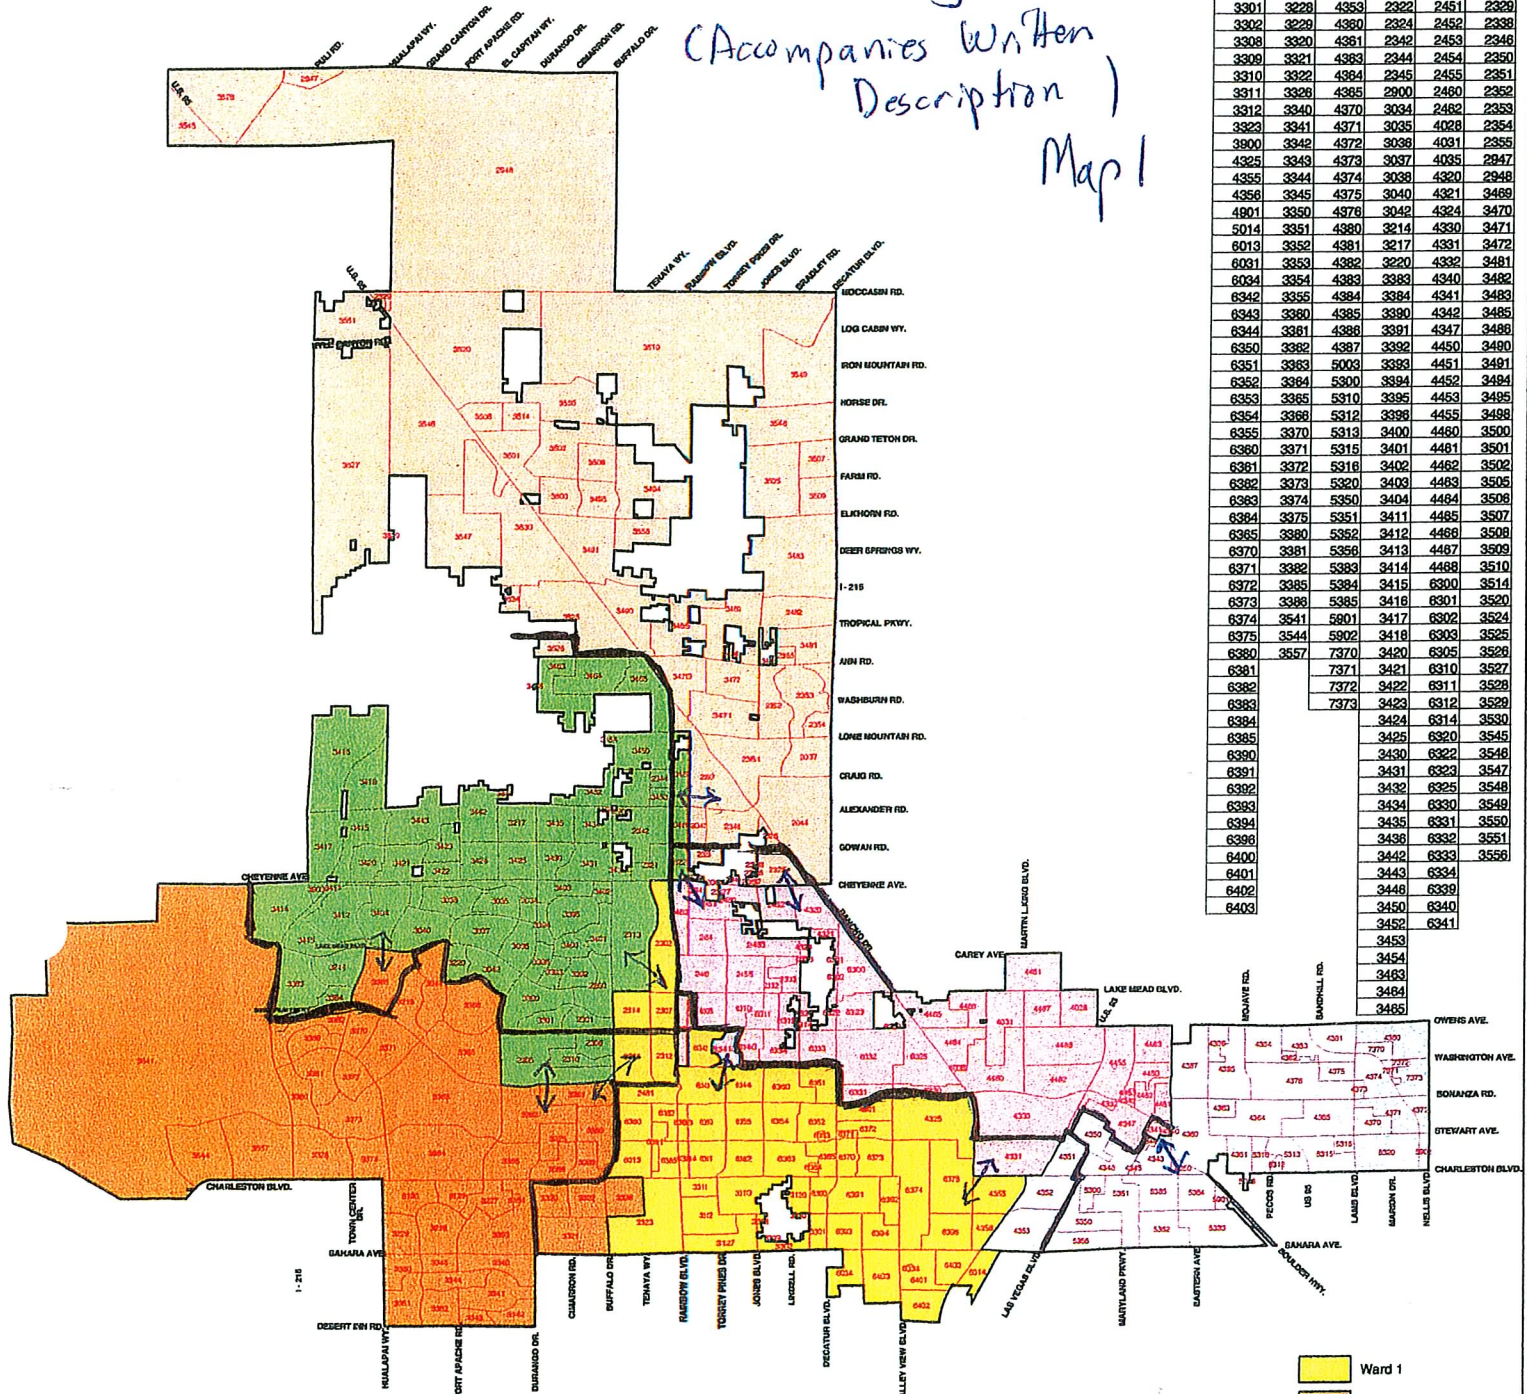

Population By Race and Ethnicity

Ward	Percent White	Percent Black	Percent Hispanic	Total Population	Deviation From Mean
1	54.1%	7.6%	30.4%	93,154	97.0%
2	69.6%	5.2%	16.0%	94,182	98.1%
3	27.7%	10.8%	55.0%	100,512	107.0%

To Mayor Goodman:
Councilman Brown:
Councilman Wolfson:
Councilwoman Tarkanian:
Councilman Reese:
Councilman Weekly:
Councilman Ross:

As a resident of Ward 1 I am very upset about the proposed redistricting of Ward 1, primarily because I received no notice to my home residence. I understand a public notice was used by an Ad in the Review Journal. I resent being "segregated as a taxpayer" because I choose not to subscribe to a periodical. As a Ward 1 resident for the past 12 years, I am disgusted that I was not informed regarding the above mentioned redistricting plans and still mystified as to how it may affect my neighbors, our ward, and our standard of living. Please take into consideration that all persons who may be effected by these proposed changes have not been given enough time or information regarding the proposal; we collectively seek redress to the current problem and request a postponement of any finalization of any vote to change or modify the ward until all residents have been informed of all aspects pro & con by mailings and/or town meetings regarding any and all governmental proceedings regarding Ward 1. Thank you for your attention.

Sincerely,
Paul Whiting

to Mayor Goodman
cc All the council members

I do not feel it is in the best interests of Ward 1 to reconfigure it as submitted by Retired Judge Frederick P. Fessler. It seems desirable areas are being replaced with less desirable areas for redevelopment.

Our Councilwoman, Lois Tarkanian, has proven that she will work hard for all the residents of Ward 1. This does not seem like a way to reward her efforts.

I request that you deny this proposed reconfiguration.

Thank you for your consideration.

Las Vegas, NV. 89102
July 20, 2006

City Council Members:

I wish to voice my dismay at the proposed redistricting of Ward 1. I can find nothing that will benefit my ward from this proposal. In light of the notorious redistricting that took place in Texas, it seems to me that this is not a good move for the City. After suffering through past Council Representatives in Ward 1, we feel very lucky to have a Councilwoman who now is willing to work with us and help our area needs and this feels like a slap to her and our ward. The residents I represent in the Richfield Neighborhood are opposed to the redistricting of Ward 1 and ask that this move be denied. Thank you.

Sincerely,
Katherine Martin
President, Richfield Neighborhood Association

Las Vegas City Mayor and Council:

Mayor Oscar Goodman
City Councilman Steven Ross
City Councilman Lawrence Weekly
City Councilman Gary Reese
City Councilman Steve Wolfson
City Councilman Larry Brown

We have lived in Ward 1 since 1971; we pay attention to the Television, Newspapers and any letters that come to our mailbox from the City Council. We did not see any notification in any form from the Council or from the person hired to do the redistricting of Ward 1 to notify us of meetings to be held explaining the necessity of taking large parts of Ward 1 and giving them to other Councilmen. Since these parts being stolen are where the most new revenue is located it seems like it is simply an old fashion land grab.

We were wondering if it would be possible for one of the Councilmen involved in the land grab, or perhaps the person hired to do the redistricting to fax us the information he obtained in his studies on this matter, that convinced him that this would be a good move for Ward 1.

In the mean time, shame on all of you!!!!

I am faxing 1 Page(s) including this cover sheet. If you do not receive all pages please contact me.

Remarks: Dear Las Vegas City Council Members:

I've just returned home from summer vacation and to my dismay have discovered that you intend to redistrict our city without public notice or input. Members of my neighborhood association have e-mailed me with the proposed plan. I was under the assumption that the process of redistricting city wards was to balance the population amongst wards. Upon examining your plan it is obvious to me that the numbers in the plan do not balance the growth. Wards 2, 4, and 6, are wards that need to be made smaller and provide room for growth. Ward 1 is the oldest and most stable ward and its boundaries do not require shifting for growth purposes. Therefore, as a resident of Ward 1, I am appalled by your actions. It appears that your plan may be politically motivated, gerrymandered to strip Ward 1 of its development areas downtown and to the far west. As drawn in your plan, Ward 1, an older urban area, will be left to decay with virtually no development and therefore no Residential Construction Tax. The tax revenue from development is necessary to fund needed services that support our neighborhood. Furthermore, this plan for redistricting would break apart our neighborhood, a very active, close knit, and vocal neighborhood whose members have stood up many times to oppose incompatible development. Dividing our neighborhood seems a deliberate attempt at diminishing our effectiveness and our community voice in Ward 1. Lastly, the constituents of Ward 1 voted for Lois Tarkanian as their representative and have a reasonable expectation of that representation. Her independent voice and vote on the City Council has been very much appreciated. I am adamantly opposed to the taking of the right of representation through the resolution of City Council.

Sincerely:

Anna Williams

PETITION **CITY OF LAS VEGAS**

We, the undersigned are opposed to Bill No. 2006-38, the current proposed redistricting of the City of Las Vegas Ward boundaries. City residents who have voted for and appreciate the service of their elected representatives are being shifted from one ward to another without a sufficient and adequate opportunity to make their feelings known.

PETITION

CITY OF LAS VEGAS

We, the undersigned are opposed to Bill No. 2006-38, the current proposed redistricting of the City of Las Vegas Ward boundaries. The currently proposed configuration is not a fair and balanced plan. The proposed plan is discriminatory and threatens the future viability of Ward One.

PETITION CITY OF LAS VEGAS

We, the undersigned are opposed to Bill No. 2006-38, the current proposed redistricting of the City of Las Vegas Ward boundaries. City residents who have voted for and appreciate the service of their elected representatives are being shifted from one ward to another without a sufficient and adequate opportunity to make their feelings known.

CITY CLERK

PETITION

CITY OF LAS VEGAS

We, the undersigned are opposed to Bill No. 2006-38, the current proposed redistricting of the City of Las Vegas Ward boundaries. I am a Ward 1 resident in the Downtown area. I wish to retain Councilwoman Lois Tarkanian as my representative, she has served this community well and I am adamantly opposed to any change in my representation on the City Council.

To: The Las Vegas City Clerk

URGENT – Please give this to all of the Council Members before the council meeting begins this morning. Thank you.

FAX 382-4803

TO: ALL COUNCIL MEMBERS

I, and the following residents who live at James Down Towers, 5000 Alta Drive, Las Vegas, NV, 89107 that is in Ward 1, **OPPOSE THE CURRENT REDISTRICTING PLAN.**

We also believe that in the future, something as important as this should be put on a ballot, with an explanation for all of the citizens of Las Vegas to read and study the pros and cons.

Then we should be able to vote on the Redistricting Plan. Not have the Council Members make the decision for us.

Respectfully yours,

Nathan Dorman

Memorandum

City of Las Vegas Planning & Development

To: Bradford R. Jerbic, City Attorney
From: Andrew Powell, Statistical Analyst I
Cc: Steve Houchens, Deputy City Manager; Margo Wheeler, Director; Tom Perrigo, Deputy Director
Date: July 18, 2006
Re: Election Precinct Populations by Race & Ethnicity

Two pieces of demographic information that Judge Kessler factors into a redistricting plan are total population by election precinct and race and ethnicity by election precinct. Total population by precinct is generated by the Planning and Development Department using the Housing Unit Method. This methodology is considered to be the most reliable for generating local estimates of current population, and is used by all jurisdictions in Clark County for developing annual population estimates. This methodology yielded a less than 1% difference between the City's 2000 population estimate and the 2000 census number.

The race and ethnicity data were originally based on 2000 census information. After three redistricting plans were generated, it was determined that the race and ethnicity data from the 2000 census could be updated. The Planning and Development Department updated the 2000 census data using information from the Nevada State Health Division on births and deaths, and historical migration patterns. The updates were then adjusted to assure consistency with the 2004 American Community Survey conducted by the U.S. Census Bureau. The result is total population by precinct by race and ethnicity that is reflective of current population and reliable for redistricting purposes.

The first three redistricting plans created by Judge Frederick Kessler on May 8, 2006 were based on current total population by precinct and Census 2000 race and ethnicity data. As of May 12, the Planning & Development Department completed its update of the race and ethnicity data and a thorough review of the precinct population data was conducted. Subsequent plans were created on May 15, and they, as well as all following plans, used the updated numbers. All population and race and ethnicity data were compiled by Planning and Development Department Staff.

The following tables show the race and ethnicity of the existing ward configuration using the Census 2000 data, and the updated race and ethnicity data as estimated by Planning & Development.
